

Pandemic Resources for Nonprofits

Last updated 5.15.20

As we continue to practice physical distancing to limit the spread of COVID-19, many organizations are transitioning to remote work, cancelling or postponing events, wondering how to remain inclusive and equitable, and dealing with new anxiety and stress. Groups are also looking for guidance and support regarding water shutoffs, water treatment, and other topics relevant to their work protecting and advocating for our nation's waters. On this page you'll find resources on these topics that are top of mind for the network during this time.

The majority of River Network staff work remotely year-round from home offices around the country. Our team is deeply familiar with leading virtual meetings and facilitating connection among remote groups. Please don't hesitate to contact us with any questions pertaining to remote work. We are here to help!

Have a resource you'd like to share with the network? Let us know and we'll include it here!

River Network Staff Tips and Productivity App Recommendations:

- Get up and get ready in the morning. This doesn't have to mean "office ready" unless you're doing video calls, but getting out of PJs can help productivity.
- Have a dedicated work area – that is NOT your kitchen table or counter!
- Try to keep to your normal eating habits.
- Schedule time blocks on your calendar for uninterrupted time to complete specific tasks or projects.
- Todoist ([app](#)), for tracking work flow and projects.
- FitOn, ([app](#)) for short movement breaks throughout the day. Or, set an alarm for every 50 minutes to remind yourself to get up from the desk and move.
- Loop – Habit Tracker ([app](#)), to help set healthy work at home goals.

Paycheck Protection Program & Other Stimulus Programs

- [Loans Available for Nonprofits in the CARES Act](#) by the National Council of Nonprofits
- [Stimulus Bill Providing Nonprofit Loans, Grants, and 'Universal Deduction' Clears Congress](#) from The Chronicle of Philanthropy
- [COVID-19 Stimulus Resources for Nonprofits](#) from Choose Clean Water Coalition
- The [Paycheck Protection Program](#) (PPP) is an emergency loan program for non-profits and for-profit entities with fewer than 500 employees. ***Loans included in this package are available on a first come, first served basis*** and can be accessed from SBA 7(a) lenders, federally insured credit unions, or the Farm Credit System. For a quicker response, organizations are encouraged to contact banks they have established relationships with first. PPP will:
 - Help pay staff and operating costs (i.e payroll, utilities, mortgage, and lease payments) for two months.
 - Provide less than \$10 million or 2.5 times the average total monthly payroll costs (capped at \$100,00 per individual) from the one year period prior to the date you file [the application](#).

Other key points of the PPP include:

- Interest rates may vary between lending institutions but are capped at \$4 million; first 6 months of payments are automatically deferred.

- If your organization is able to maintain employment of existing staff for the 8 weeks after the approval of your loan, or if you are able to rehire your employees by June 30, 2020, your loan may be fully or partially forgiven, turning it into a grant.
- No collateral or personal guarantee required.
- This program does not apply to 501(c)(4) organizations or Chambers of Commerce.
